

Letter from our Founder

“Welcome to Humphreys University Academy of Business, Law and Education (ABLE). Thank you for trusting the education of your children to our school.

Founded in 2012, ABLE Charter has experienced amazing success thanks to the students, families, teachers and staff that make up our educational community. Starting with 17 high school student in 2012, ABLE will begin its newest school year with some 900 enrollees, spanning grades K-12.

For the 2018 - 2019 school year, we are proud to report the same commitment to school safety, small class sizes, academic excellence, high levels of experience with technology, excellence in teaching and a school environment where our families feel welcome, fully informed and proud that their children attend ABLE.

This school year, ABLE has renewed its commitment to excellence in the academic performance of its students, intended to prepare our students for a competitive global market, a safe and secure school property including school uniforms intended to minimize distractions for our students, and an expanded staff to ensure your children continue to receive the level of individual attention necessary for their success.

ABLE is expanding its present educational space through better utilization of our facility, more sports programming, more course offerings at Humphreys University, and expanded music, dance and art programs.

Most importantly, we continue to be a school desiring that all of the families of ABLE be a part of our students' education. We cannot be successful without the ongoing support of our parents and extended families. Your thoughts and ideas have helped to shape our school over the years and we are thankful for your investment of time and resources into the success of your children and the growth of ABLE.

Come visit and enjoy the school many of you helped to build and for the spirit we share in educating your children for their future roles as leaders of our society and our nation.”

- Dr. Matthew George, Chief Executive Officer and Superintendent
